

NO CENTRAL HEATING IN YOUR HOME?

Cold homes are not just uncomfortable to live in, they can have a negative effect on health. In Suffolk there are still a large number of houses that do not have a central heating system with a boiler and radiators.

- First time central heating systems available to Suffolk residents*
- Up to 100% fully funded gas and oil systems
- For privately owned and privately rented households
- Council backed scheme run by Suffolk Warm Homes Healthy People

*Eligibility criteria apply. To find out if you are eligible either complete the online enquiry form on the website or telephone/email us using the details above.

Your Councils have secured funding to help more than 500 fuel poor households in Suffolk install first time central heating systems, in most cases this will be free.

One of your neighbours has recently signed up to receive a full central heating system, which will be installed shortly.

Do you qualify? If you do not have a central heating system (a boiler with radiators) then please contact us to find out if you are eligible and can be helped by this scheme. More details are available on our Green Suffolk website at www.greensuffolk.org/whf

Stay warmer and well next winter – funding is limited so register for a survey now with the Council’s Warm Homes Healthy People service to avoid disappointment.
