## Short Description

A rural accommodation provider offering Suffolk Rural Spa Breaks and yurt stays

## Environmental highlights

We partake in the Suffolk Breakfast initiative

## Green credentials

Suffolk Carbon Charter: Silver

## A summary of environmental achievements

We have a strong environmental procurement policy. We have a sustainability practice of linking with other small rural business to enhance our product, and we offer customers the car free itineraries and recycling opportunities.

## Personal testimony

Everyone quotes 'reduce, reuse, recycle' and they are not wrong. That is the basis behind all procurement.

## Key lessons

The Energy Management is a vital element of reducing consumption. Using a smart meter or power monitor you will be amazed at the amount of power each process uses.

## Where did I get my advice

Green Tourism Courses and consultancy from other green accommodation providers

.
