1) Introduction

The Suffolk Climate Change Partnership, comprising all Suffolk Local Authorities, has a core focus on tackling domestic energy efficiency and fuel poverty in Suffolk. It is a crucial element in its ambition to be the county with the greatest reduction in carbon emissions.

Suffolk's Local Authorities wish to utilise Flexible Eligibility to its fullest to help achieve the Partnership's aims alongside improving the health and wellbeing of their residents.

It should be noted that the final decision on whether any individual household can benefit from energy saving improvements under Affordable Warmth will be made by the obligated suppliers or their agents/contractors. Inclusion in a Declaration issued by the local authority to a supplier will not guarantee installation of measures, as the final decision will depend on i) survey carried out by suppliers agents/contractors and installation costs calculated, ii) the energy savings that can be achieved for a property, and iii) whether suppliers have achieved their targets or require further measures to meet their Energy Company Obligation (ECO) targets.

2) Identifying eligible households

All of Suffolk's Local Authorities will use the following eligibility criteria to identify households that may benefit from the installation of measures under 'Flexible Eligibility'.

Criteria for identifying fuel poverty

The resident

- *is in receipt of any means tested benefit*
or
- falls within the thresholds in Table 1 below which refers to income after housing costs (essentially a household's disposable income after they have paid for their rent or mortgage).

and

- *is living in a property with an EPC rating of E, F or G or in a property with a housing archetype likely to be E, F or G rated.*

Criteria for identifying low income and vulnerability to cold (LIVC)

The resident

- falls within the thresholds in Table 1 below which refers to income after housing costs (essentially a household's disposable income after they have paid for their rent or mortgage).

and

- is in receipt of the Disability Living Allowance (DLA) or Attendance Allowance
or
- is on the Energy Companies' Priority Services register (those at most risk from the effects of a power cut)
or
- has a health condition that can be exacerbated by living in cold including¹:
 - i. people with cardiovascular conditions*
 - ii. people with respiratory conditions (in particular, chronic obstructive pulmonary disease and childhood asthma)*
 - iii. people with mental health conditions*
 - iv. people with disabilities*
 - v. people who are terminally ill*
 - vi. people with suppressed immune systems (e.g. from cancer treatment or HIV)*

¹Draft ECO: Help to Heat Flexible Eligibility: BEIS' Guidance for Local Authorities on Targeting Households living in fuel poverty, living on a low income and vulnerable to the effects of living in a cold home, and "in-fill".

or

- is aged 65 and over, or has children under the age of 5, or is pregnant.

and

- is living in a property with an EPC rating of E, F, or G or in a property with a housing archetype likely to be E, F or G rated.

Criteria for Self-Declaration

- Resident is living in a property with an EPC rating of E, F or G or in a property with a housing archetype likely to be E, F or G rated

and

- falls within the thresholds in Table 1 below which refers to income after housing costs (essentially a household's disposable income after they have paid for their rent or mortgage).

3) Acting on behalf of another local authority

In some cases, one of the above named local authorities might issue declarations on behalf of another of the above named local authorities. In this case, the name of the relevant authority which is being acted on behalf of will be included on the declaration. The Suffolk Council's are signatories to a consortium agreement which allows for one party to act for another in relation to energy efficiency issues.

4) Joint Statement of Intent

All of Suffolk's local authorities wish to use the same eligibility criteria across their areas and therefore will all be using the criteria set out within this statement of intent.

Signatories to this Statement of Intent are Suffolk County Council, Suffolk Coastal District Council, Waveney District Council, Ipswich Borough Council, Babergh District Council, Mid Suffolk District Council, St. Edmundsbury Borough Council and Forest Heath District Council.

5) Governance

Officers responsible for signing “Local authority declarations”
