Big Local

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Big Local is a place-based investment programme supporting residents in 150 Big Local areas around England to lead change in their area.

Fund Information

| | |
|-----------------------|---------------------------------|
| Funding body: | National Lottery Community Fund |
| Maximum value: | Discretionary |
| Application deadline: | None specified |

Who Can Apply

Big Local is resident-led as residents know best what will make a real and meaningful difference to their areas and the people who live there.

Big Local empowers people to develop plans and find solutions that work for their communities, giving them the opportunity to try new ideas and become stronger through learning and overcoming challenges. Residents create a vision and Big Local plan for their area, which includes deciding on their priorities, what activities to run, who to work with and how the funding will be used over the 10 years.

Groups should check the map available on the Big Local website to find out if their location is eligible.

Location

150 areas across England.

Jean Sainsbury Animal Welfare Trust

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Grants are available to animal welfare charities for projects or activities in the UK that benefit and protect animals, relieve the suffering of animals, address the conservation of wildlife or encourage a greater understanding of animals.

Fund Information

| | |
|-----------------------|-------------------------------------|
| Funding body: | Jean Sainsbury Animal Welfare Trust |
| Maximum value: | Discretionary |
| Application deadline: | 01/09/2021 |

Who Can Apply

Applications are accepted from UK registered charities working in the UK or abroad. (Charities with an annual income under £5,000 do not need to be registered to be eligible.)

Organisations should:

- Have independently examined up-to-date annual accounts.
- Demonstrate an active re-homing and rehabilitation policy for animals taken into their care.
- Be involved with conservation of wildlife, where the rescue, rehabilitation and (where possible) release of animals is their main aim.

The Trust favours applications from smaller animal welfare charities.

Emergency funding

Charities that have received a grant from the Trust in the past can apply for emergency funding to help with running costs due to the effects of coronavirus/COVID-19 on fundraising.

The following eligibility criteria applies:

- Organisations must have received a grant from the Trust in the past.
- The total available cash funds of the organisation are less than six months of projected expenditure.

John Ellerman Foundation

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Grants for small to medium-sized charities in the UK whose work in the Foundation's priority areas of arts, environment or social action has impact across the whole of the UK.

Fund Information

| | |
|-----------------------|--------------------------|
| Funding body: | John Ellerman Foundation |
| Maximum value: | Discretionary |
| Application deadline: | None specified |

Who Can Apply

Funding is available to registered, excepted or exempt charities that are doing work that has a national footprint or a wide reach, such as working in more than one country, region or county. Occasionally organisations that work locally may receive funding if the work has national significance through good potential for replication or being rolled out on a larger scale.

Organisations should have an income of between £100,000 and £10 million and be able to demonstrate:

- Strong governance and management - that the board is engaged, people well qualified and well led, the organisation has a thorough understanding and oversight of finances at all levels, the organisation's reporting is thoughtful and the organisation is aware of its own strengths and weaknesses.
- Effectiveness and impact - that the organisation has a good understanding of the needs being met and how best to tackle them, awareness of how the organisation relates to and complements other agencies, effective systems to monitor and review progress, a culture of always trying to do better, an eye on how to prevent problems recurring and are alert to opportunities to have a wider impact.
- Good use of volunteers - from professionals to local communities.
- Partnerships - formal collaboration and networking to help the organisation understand the issues it addresses.

Preference is given to smaller niche national charities which shine a light on a particular concern or area of interest.

National Lottery Community Fund - Bringing People Together

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Large grants are available to voluntary and community organisations in the United Kingdom for projects that will build stronger connections across communities, and improve the infrastructure and conditions that are needed to strengthen these connections.

Fund Information

| | |
|-----------------------|---------------------------------|
| Funding body: | National Lottery Community Fund |
| Maximum value: | £ 300,000 |
| Application deadline: | None specified |

Who Can Apply

Applications will be accepted from:

- Registered charities.
- Community Interest Companies (CICs).
- Charitable Incorporated Organisations (CIOs).
- Community Benefit Societies.
- Co-operative Societies (if it has a not-for-profit clause and registered with the Financial Conduct Authority).
- Voluntary or community organisations.
- Statutory bodies (including town, parish and community councils).
- Companies limited by guarantee (if it has a not-for-profit clause or is a registered charity).
- Groups of organisations, as long as they are led by an eligible organisation.

Organisations must have at least two people on their board or committee who are not related.

The fund is interested in bold and experimental responses to bringing people together using new, or new combinations of approaches. All projects will need to:

-
- Have a clear equality, diversity and inclusion focus.
 - Deliver across at least two countries in the UK.
 - Demonstrate they can learn and adapt as they go.

The fund is keen that projects reflect a mix of communities and places from across the UK, and is particularly keen to:

- Support projects led by - or supporting - people and communities who have been disproportionately affected by COVID-19.
- Support projects that are open for everyone and can show what proactive action has been taken to ensure any potential barriers for participation will be addressed - particularly for disabled people, people of colour, LGBTQ+ people and people who are seeking asylum or are refugees.
- Support projects that will connect with each other, and share approaches and learning.

Save Our Species (SOS) **UPDATED**

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Save Our Species provides medium to large grants for species conservation worldwide. Threatened Species Grants have specific calls for proposals, which will be issued on a regular basis. Rapid Action Grants are available on an ongoing basis to support conservation actions in case of emergency situations.

Fund Information

| | |
|-----------------------|-----------------------|
| Funding body: | Save Our Species |
| Maximum value: | £ 260,000 (€ 300,000) |
| Application deadline: | 27/06/2021 |

Who Can Apply

Applications are accepted from civil society entities and local or international non-governmental organisations that are legal and non-profit making.

Projects presented by local and national civil society organisations (CSOs - ie non-state and not-for-profit voluntary associations) will be considered favourably. This includes indigenous organisations (community-based organisations).

International CSOs are eligible but it is essential that they work with local and national CSOs as well as the local communities and with the consent and all required authorisations from the government.

Public entities, such as national, regional and local governments and independent bodies partially or wholly owned by the government, are eligible to apply.

Location

Threatened Species Grants - projects must take place in Sub-Saharan continental Africa (with the exception of South Africa).

Rapid Action Grants - projects must take place in South Africa.

Sicon Foundation

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Our goal is to have a positive impact on our planet by bringing communities together to take part in environmental projects. We are eager to educate and participate in all forms of carbon reduction whether that is through our main avenue of tree planting or through litter picking etc.

We currently work exclusively in Suffolk and have multiple projects on the go with the vast majority focused on tree planting. They range from plots as big as 2 hectares to as small as only 3 trees being planted. We do not have a strict policy on which projects we will and will not assist with. We look for projects that are creating lasting, positive change, big or small.

[SUEZ Communities Trust Landfill Communities Fund - Primary Fund \(England\)](#)

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Grants are available to non-profit making organisations in qualifying areas of England for improvements to local community facilities, historic buildings and structures, sport and recreation facilities.

Fund Information

| | |
|-----------------------|------------------------|
| Funding body: | SUEZ Communities Trust |
| Maximum value: | £ 50,000 |
| Application deadline: | None specified |

Who Can Apply

To be eligible, applicants must:

- Be run on a not-for-profit basis. This could include community groups, parish councils, charities, community interest companies, sports clubs, community associations, local authorities and voluntary organisations.
- Own or hold a lease for the project site with at least five years remaining.
- Projects should be based at a project site which must be owned or leased by the applying organisation.

To be eligible for funding the project site must be in England and within a SUEZ Communities Trust funding zone. A funding zone is anywhere within a 2.5 mile radius of a qualifying SUEZ recycling and recovery UK waste processing site.

The Trust provides a postcode checker so that potential applicants can check the eligibility of the project's location.

For those applicants whose project area is governed by Lancashire County Council, an application should be made to the Lancashire Environmental Fund, which is a separate organisation that distributes the landfill tax credits raised by SUEZ recycling and recovery UK in the county. (NB Applicants whose eligible projects are within the unitary authorities of Blackburn and Blackpool may apply to this scheme.)

The Chestnut Fund UPDATED

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Grants are available to encourage and enable independent community conservation groups that are part of the The Conservation Volunteers (TCV) Community Network to carry out conservation activities.

Fund Information

| | |
|-----------------------|-------------------|
| Funding body: | The Chestnut Fund |
| Maximum value: | £ 350 |
| Application deadline: | None specified |

Who Can Apply

Small groups that carry out practical conservation work in their local community can apply.

Groups which are national, span regions or are directly linked to other organisations (such as those where authority to associate is vested in the Community Network) will only be considered in exceptional cases.

Applicants must:

- Be part of the TCV Community Network.
- Have minimal unrestricted funds of less than £2,000 and untied income under £2,000 per year.
- Not be part of, or directly sponsored by, another organisation.
- Have a proper bank account, in the group's name and at least two independent people involved.

Start up grants are available to groups within their first year of existence, or when first becoming established as an independent group. If a group, or organiser(s), has previously been associated to TCV, but has lapsed for several years, the local member of TCV staff must confirm that it is a substantially new and different group.

The February Foundation UPDATED

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

Grants are available to UK registered charities for a range of charitable projects, particularly the relief of those in need by reason of youth, age, ill-health, disability, financial hardship or other disadvantage; and for the advancement of education, the arts, culture, and heritage.

Fund Information

| | |
|-----------------------|-------------------------|
| Funding body: | The February Foundation |
| Maximum value: | Discretionary |
| Application deadline: | None specified |

Who Can Apply

Charities registered in the United Kingdom can apply.

The Trustees will consider grants for:

- Charities that are for the benefit of persons who are making an effort to improve their lives.
- Charities that are for the benefit of persons no longer physically or mentally able to help themselves.
- Charities that have a long-term beneficial impact on the future of individuals, groups of individuals, or organisations.
- Charities that protect the environment.
- Small or minority charities where small grants will have a significant impact.
- Charities whose charitable objects are aligned with those of the Foundation.
- Companies where the acquisition of equity would be in line with the Foundation's charitable objectives.

Successful applicants should not reapply until at least 12 months after their most recent grant. (Reapplications can be for the continuation of previously funded projects.)

Unsuccessful applicants are eligible to reapply 12 months after their most recent application.

Organisations which received funding from the Foundation's now-closed COVID-19 emergency fund are eligible to reapply for a standard grant if at least 12 months have passed since their last standard grant.

Woodland Carbon Code

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

The Woodland Carbon Code sets out robust requirements for voluntary carbon sequestration projects that incorporate core principles of good carbon management as part of modern sustainable forest management.

Fund Information

| | |
|-----------------------|---------------------|
| Funding body: | Forestry Commission |
| Maximum value: | Discretionary |
| Application deadline: | None specified |

Who Can Apply

The Woodland Carbon Code can benefit a range of organisations seeking to establish and invest in woodland creation projects for carbon sequestration, including:

- Businesses - WCC projects create real and verifiable carbon units which can be bought and used by businesses wishing to reduce their impact on the global climate and cost-effectively compensate for their emissions. As a business manager, businesses will only want to buy units from carbon-capture projects if they feel confident that the woodlands will be well managed and will capture the CO2 claimed. Verification against the Woodland Carbon Code meets this need by providing the evidence. Businesses can also be reassured that they can track the purchase, ownership and use of credits on a highly respected registry.
- Landowners - Landowners seeking to create woodland or partner with an organisation to create woodland can identify potential partners and investors.
- Carbon companies - involved in carbon sequestration can use the Woodland Carbon Code to reassure investors and identify high standard projects that are fit for investment.

[Workplace Charging Scheme \(WCS\) - for Applicants](#)

| | |
|---------|-----------------------|
| Status: | Open for Applications |
|---------|-----------------------|

A scheme to provide eligible applicants with voucher support towards the upfront costs of the purchase and installation of EV chargepoints in the UK.

Fund Information

| | |
|-----------------------|--|
| Funding body: | Office for Zero Emission Vehicles (OZEV) |
| Maximum value: | Discretionary |
| Application deadline: | None specified |

Who Can Apply

The scheme is open to organisations that fulfil all of the following criteria:

- Are a registered business, charity, or public sector organisation (evidenced by a Companies House Reference, VAT Registration Number or HMRC Registration Letter).
- Must be either:
 - a Public Authority – includes Government Departments and their agencies, the Armed Forces, Local Governments, the NHS and Emergency Services. In considering eligibility, OZEV will use the Public Authorities referenced in LGA Act 2003, Section 33, and the Freedom of Information Act, Schedule 1, parts 1-3;
 - Or if not one of the above must have received less than Euro 200,000 of public support in the last three fiscal years (previous two fiscal and current fiscal year), or which is currently pending before applying for the WCS and satisfy the eligibility criteria for de minimis aid.
- Can declare a need for electric vehicle charging equipment or an intent to encourage uptake among their staff and/or fleet.
- Are located in England, Wales, Scotland or Northern Ireland.
- Has dedicated off-street parking for staff and/or fleets.
- Own the property or have consent from the landlord for chargepoints to be installed at all the sites listed in the application.

Applicants that are part of a franchise are eligible for this grant. There is a maximum of 20 franchisees from each franchise that can apply. For applicants that are part owned by one or more organisations, part of a franchise, or formed of a number of subsidiaries, they must satisfy the eligibility criteria for de minimis aid and declare any partnerships or franchise arrangements in their application. Where considered necessary OZEV reserves the right to request further information or documentary evidence from relevant parties in support of any individual claim.

Applicants must maintain the chargepoint for a minimum of three years and ensure measures are in place to provide usage data to OZEV (in an anonymised form and in accordance to data protection legislation) to guide future policy development. If the chargepoint needs to be removed or taken out of commission within this three year period, OZEV must be informed with a brief explanation why.

All chargepoints will have a minimum three year warranty on parts and installation from the chargepoint manufacturer as part of the technical specifications for the scheme.

Applicants must retain all documentation pertaining to the installation, including installation and commissioning confirmations and certificates, invoices, declarations and signatures, and dates of installation for a minimum of three years. Applicants must be able to send this in electronic form to OZEV if requested.

OZEV will involve a third party organisation to audit claims to determine compliance with the scheme's rules. This will require access to data, statements and records held by the applicant and/or chargepoint installer relating to the scheme. Occasionally, there may be an on-site visit which will require access to the chargepoint itself.

Location

United Kingdom.
